PROFESSIONAL SUMMARY

MCA Post-Graduate (2026) with proven experience architecting and deploying production-grade AI applications and backend services. Built a multilingual RAG chatbot actively deployed at a university website (300+ students) and an automated AI interview assistant. Strong foundation in Python, FastAPI, asynchronous programming, RESTful API design, SQL databases, and CI/CD pipelines, with applied expertise in LLMs, LangChain, and vector search (Qdrant, FAISS). Seeking Software Developer, Backend Developer, or AI/ML Engineer roles.

TECHNICAL SKILLS

Languages:	Python, SQL, JavaScript
Generative AI & NLP:	LLMs, RAG Pipelines, LangChain, Prompt Engineering, Groq API, NLP
Vector Search:	Qdrant, FAISS, Hybrid Dense + Sparse Vector Search
Backend & Architecture:	FastAPI, Flask, Asyncio, REST APIs, SQLAlchemy, Alembic, Microservices
Databases:	PostgreSQL, MongoDB, MySQL, Neon DB
DevOps & Cloud:	Docker, Git, GitHub Actions, CI/CD, Vercel, Render, Hugging Face Spaces

PROJECTS

Multilingual College Chatbot Live — *FastAPI, Qdrant, LangChain, Groq, Neon DB, Vercel* Production (gbpiet.ac.in)

- Architected an end-to-end full-stack RAG chatbot serving 300+ students for automated academic queries in 4 languages (Hindi, English, Garhwali, Kumauni).
- Implemented Qdrant hybrid dense + sparse vector search with language-tailored LangChain prompt templates over 100+ institutional web pages.
- Integrated Groq API for high-throughput, low-latency LLM inference coupled with an asynchronous FastAPI REST backend.
- Shipped an automated CI/CD pipeline across Hugging Face Spaces, Vercel, and Neon DB for continuous deployment.

Meetwise AI – HR Interview Assistant Live — *FastAPI, PostgreSQL, Alembic, Docker, APScheduler* Jun 2026 – Present

- Engineered an AI hiring platform featuring automated PDF resume parsing and LLM-powered candidate briefing pipelines.
- Implemented dynamic role-specific technical/behavioral interview question generation and AI-synthesized post-interview summaries.
- Structured a 4-tier FastAPI backend (API, Services, Models, Schemas) with Dockerized PostgreSQL, Alembic migrations, and APScheduler reminders.

AI Interview Agent Live — *FastAPI, Voice AI, LLMs, Vercel (ViCoDathon Hackathon)* Aug 2026

- Designed and shipped an adaptive, voice-driven mock-interview agent in a 48-hour sprint for ViCoDathon 2026 (AB Talks National AI Hackathon).
- Integrated real-time speech processing and context-aware LLM evaluation to provide instant candidate performance scoring.

EXPERIENCE

Edunet Foundation (AICTE & IBM SkillsBuild) — Emerging Technologies Intern May 2026 – Jun 2026

- Completed an intensive 4-week program in Agentic AI, Cloud Architecture, and Quantum Computing on IBM Cloud, building and deploying an AI/Cloud project.

UptoSkills (Remote) — Strategy, Consulting & Research Intern (Team Lead) Jan 2026 – May 2026

- Led a 4-member team to deliver structured market research reports across 5+ industry domains on schedule, standardizing documentation templates.

Prodesk IT & Engineering Services — Backend Development Intern Jun 2025 – Jul 2025

- Engineered and tested 5+ RESTful API endpoints in Python with structured routing, input validation, and robust error handling during a 30-day internship.

EDUCATION

GBPIET, Pauri Garhwal, Uttarakhand — Master of Computer Applications (MCA) | CGPA: 8.28 2024 – 2026

Kumaun University, Nainital — Bachelor of Science (BSc) 2021 – 2024

CERTIFICATIONS & ACHIEVEMENTS

- **Certificate of Appreciation**, GBPIET (Dept. of CSA): Multilingual AI Chatbot Development May 2026
- **Certificate of Participation**, ViCoDathon 2026 by AB Talks: National AI Vibe Coding Hackathon Aug 2026
- **Introduction to Artificial Intelligence**, Infosys Springboard (Jun 2025) | **Certificate of Appreciation**, Prodesk IT (Jul 2025)
